

August 2026

Dear Maralyn,

I've been watching 152 Tharp Dr carefully since it came off the market. A home with its fundamentals in Moraga should have found a buyer. I think I understand why it didn't.

The marketing approach left the home's best features unexplained. In a price range where buyers compare options carefully, that's a correctable problem - not a reflection of the property.

I've put together a short analysis of what the listing history suggests went wrong and how I'd approach it differently.

Take a look, and I'd welcome the chance to talk it through with you.

With respect,

Ben Olsen

The Blueprint for a Successful Sale

Prepared For: The Owners of 152 Tharp Dr

EXECUTIVE SUMMARY

A Home With Real Assets and a Listing That Didn't Show Them

152 Tharp Dr has genuine assets that Moraga buyers are specifically looking for. At \$1,645,000, those assets can support that price, but only if buyers understand what they're looking at.

The listing was withdrawn without a sale. The marketing described the property without giving buyers a reason to feel anything about it. The home deserved better than it got.

The goal is a relaunch that leads with the right story and reaches the specific buyer who is looking for exactly this kind of property.

MARKET FORENSICS: WHY IT DIDN'T SELL

Every expired listing has a story. Here's what the listing history tells us about what held this one back, and what a different strategy would have done.

Friction #1: The Listing Description Left the Story Untold

The published remarks gave buyers a list of facts with no narrative attached. In a price range where buyers compare options carefully, a listing that reads like a form submission gets scrolled past.

* THE BRIGHTWORK DIFFERENCE

Our listing remarks are written the way a great buyer's agent describes a home - specific, vivid, and focused on what makes it irreplaceable.

Friction #2: The Visual Story Was Never Fully Told

Standard MLS photography captures rooms. It rarely captures character. Without cinematic photography and aerial context, the features that make 152 Tharp Dr worth \$1,645,000 were invisible to buyers browsing online.

* THE BRIGHTWORK DIFFERENCE

Cinematic photography, a Matterport 3D tour, and a Sky Tour that shows the lot and neighborhood context. These are the minimum required to compete at this price.

Friction #3: The Right Buyers Needed to Be Found, Not Waited For

At \$1,645,000 in Moraga, the buyer pool is real but selective. A passive MLS listing doesn't reach them early enough in their process. By the time they find the listing on Zillow, they may already have a shortlist of other homes.

* THE BRIGHTWORK DIFFERENCE

Geo-targeted digital campaigns reach SF and East Bay buyers who are researching this market before they've found what they're looking for.

POSITIONING ANALYSIS

Metric	152 Tharp Dr	Moraga Market Context
Price per Sq. Ft.	\$62/sqft	\$630–\$820/sqft range (renovated: \$700–\$750/sqft original: \$630–\$680/sqft premium: \$750–\$820/sqft)
Lot / Setting	10000	Typical for city
Year Built	1963.0	Moraga median vintage
Premium Features	See listing	Standard floor plan
HOA	None	Varies (\$0–\$500/mo)

The verdict: At \$62/sqft versus a benchmark range of \$630-\$820/sqft, this home sits near the lower end of that range. The fundamentals justify the price point. The challenge was communicating why the price makes sense - not the price itself.

THE RELAUNCH STRATEGY: 3 PILLARS

We don't re-list this home. We relaunch it with new media, a narrative that finally does it justice, and distribution designed for the buyer it deserves.

Pillar I - Present the Home the Way Buyers Actually Shop

Cinematic photography and a full 3D tour that gives buyers the visual depth to understand what makes this property worth their attention before they ever schedule a showing.

Pillar II - Write the Listing It Deserves

From scratch. Specific, vivid, and focused on what kind of life this home enables. Zillow Showcase puts that narrative in premium placement in front of buyers who are actively searching.

Pillar III - Reach the Right Buyer Directly

Targeted digital campaigns that find the specific buyer profile for this property - by geography, life stage, and intent - rather than waiting for them to find the listing.

A DIFFERENT OPTION: THE QUIET LISTING

Sell Without the Disruption

A traditional listing puts a sign in your yard, opens your door to strangers every weekend, and puts your home's history on public record. For a home that already went through one listing cycle, there's a better starting point.

BrightWork maintains an active private buyer list through our off-market platform. These are Bay Area buyers who've opted in specifically to receive property alerts before anything hits Zillow. They're motivated, pre-qualified, and they believe an off-market home represents a real opportunity, which means they engage seriously.

- * **No public days on market.** The prior listing history stays private. A new buyer sees none of it.
- * **No sign, no open houses, no disruption.** The sale is a private conversation between a motivated buyer and a motivated seller.
- * **Option to go public anytime.** If the right off-market offer doesn't materialize in an agreed window, we transition directly into a full relaunch strategy with no time lost.

* HOW IT WORKS

We alert our private buyer list through offmarket.brightworkrealty.com - Bay Area buyers specifically seeking properties before they go public. If a serious match emerges within the agreed window, we negotiate and close privately. If not, we launch the full relaunch strategy immediately, with clean momentum and no days-on-market exposure.

TIMELINE: THE BRIGHTWORK SMART WAY

Phase 1 - Pre-Market Preparation (Weeks 1–2)

Staging, full media production, and a Coming Soon campaign - or a quiet listing launch to our private buyer network, depending on your preference.

Phase 2 - Strategic Launch (Week 3)

Thursday launch on Zillow Showcase with the full media package in premium placement. Targeted SF/Oakland digital ads go live the same day.

Phase 3 - Momentum Management (Weeks 4–5)

Active follow-up on every save, inquiry, and open house visitor. Final Offer gives serious buyers a transparent channel to submit competitive offers.

Phase 4 - The Close (Weeks 6–7)

We engineer competition, not just field offers. Our process keeps both sides of the transaction moving cleanly toward a close.

WHY BRIGHTWORK REALTY ADVOCATES

- * **Deep local roots:** 45+ years in Moraga, Lafayette, and Orinda. Ground-level knowledge of what buyers in each community are actually paying for.
- * **Premium marketing as a baseline:** Cinematic photography, floor plans, 3D tours, and Sky Tours on every listing. Not a luxury add-on.
- * **Portal dominance:** Zillow Showcase and homes.com premium placement. More views, enhanced listing pages, all leads to your team.
- * **Modern offer tools:** Final Offer gives buyers a transparent path to engage and gives you real-time demand data in one place.
- * **True advocacy:** We don't re-list homes. We forensically review what went wrong and rebuild the strategy from the ground up.

This home has real assets that the market never got to properly evaluate. That's a correctable problem. The window to correct it is still open.

Ben Olsen

Founding Partner | REALTOR · BrightWork Realty Advocates · DRE# 02014153

Ben founded BrightWork on a specific premise: the best outcomes are built before a home ever lists. With twenty years serving the East Bay's most competitive submarkets, he's developed a clear point of view on what separates a sale that closes well from one that doesn't, and the preparation, marketing, and negotiation strategy to act on it.

He entered the workforce at 14 in construction, a background that shapes how he thinks about pre-sale decisions, disclosure strategy, and what buyers actually scrutinize at inspection. That's a different lens than most agents carry into a listing consultation.

His approach to marketing is built on the same logic. Every campaign is designed for your home's specific buyer, not the average buyer. Portal strategy, campaign integration, and buyer targeting aren't add-ons at BrightWork. They're the baseline. Pre-sale prep, real fixes, and full disclosure before the home lists. The preparation is the negotiation.

WHY HE SENT YOU THIS PACKET

When a listing expires, Ben reviews it. Not to pitch you, but because after enough of them, the pattern of what goes wrong becomes clear. If you received this analysis, he looked at your specific property and has a specific point of view about what happened. That's the conversation he's offering. No listing agreement on the table. Just a review. He'll also walk you through programs that turn seller constraints into options, and show you what a transaction designed to get everyone to the closing table feeling good actually looks like.

Why BrightWork Realty Advocates

Rooted in Lamorinda since 1977. BrightWork is built on the premise that the best outcomes start before a home ever lists. An orchestrated campaign designed for your home's buyer, not the average buyer. Programs that turn seller constraints into options. Transactions designed so everyone gets to the closing table feeling good.

That's The Smart Way to Real Estate.

Not Every Home Needs a Public Launch.

For sellers who need privacy, flexibility, or a different kind of timing — BrightWork has a smarter first step.

Most agents know one approach: list on the MLS, hit the portals, hold open houses. That works for many homes. For sellers who need privacy, flexibility, or more control over timing, BrightWork offers a structured, documented private path to the right buyer — built on relationships in Lamorinda that go back to 1977.

OFF MARKET SELLING HAS ITS BENEFITS

Your Home, Your Timing, No Pressure

No days-on-market counter. No public record. No nosy neighbors. Your home stays entirely private until you choose otherwise, and if you do go public later, you start fresh, with a clean slate and zero wasted days behind you.

Buyers Who Are Actually Ready

BrightWork maintains a curated list of serious, pre-qualified Bay Area buyers who have asked to be notified about Lamorinda properties. They are not browsing Zillow. Every showing is by appointment, with someone who qualifies and is genuinely interested.

Real Feedback Before You Commit

An off-market phase gives you genuine buyer response before you decide whether to close privately or step into a full MLS campaign. Either way, you move forward with real data and momentum, not day-one guesswork.

BrightWork's network of private buyers and collaborative realtor relationships has served Lamorinda since 1977.

Over \$1 billion in local real estate sold.

Deep relationships in Moraga, Lafayette, and Orinda.

WHO THE PRIVATE PATH SERVES

The Privacy-First Seller

No public listings, no open houses, and no days-on-market counter visible to buyers and agents, for whatever reason, professional or personal.

The Seller Still Preparing

Test genuine demand while staging or repairs are still underway, without burning days on market before you are ready.

The Strategically Timed Seller

Your next move depends on how this one closes. Control the sequence rather than react to a public countdown clock.

Get real buyer feedback before committing to a full public launch — or decide you do not need one at all.

Your home. Your timeline. Your terms.
